PROFILE PRINTING ON SHOPPING BASKETS

A shopping basket is an excellent place for exposure. This is why we offer options such as printed logos by hot stamping and baskets in special colours. We have the possibility to print your image on all sides of the shopping basket. You choose the expression that suits you and your store's profile best.

BASKET TROLLEY FOR 20- AND 27-LITRE SHOPPING BASKETS

Article number	Dimensions	Material	Colour
Basket trolley 20-L 3004-0000	Suitable for 20-L shopping baskets	Steel tubing	Galvanized steel
Basket trolley 27-L 3264-0000	Suitable for 27-L shopping baskets	Steel tubing	Galvanized steel

The basket trolley facilitates the handling of shopping baskets in stores and creates order in the store environment. Choose between two different sizes of basket trolley, 20- and 27-L.

BASKET TROLLEY ROBUST FOR 27-LITRE SHOPPING BASKETS

Article number	Dimensions	Material	Colour
Basket trolley 27-L 3265-0200	Suitable for 27-L shopping baskets	Steel tubing	Black

The basket trolley facilitates the handling of shopping baskets in stores and creates order in the store environment. Suitable for 27-L shopping baskets.

Always There

Nordiska Plast has developed, manufactured and produced various plastic products for more than 60 years. We were pioneers in the industry and are now a leading company with a very broad product range in the areas of consumer products and shopping baskets. Nordiska Plast is a Swedish family company with a big commitment every step of the way – we are always there for you. For more information about our range and our offering, please visit www.nordiskaplast.se.

Shopping Baskets

Nordiska Plast is one of the leading manufacturers of shopping baskets on the market. The first model was developed in the early 1960s and, due to our continuous focus on function, form and material, we now have a range that lives up to the market's high requirements.

We also provide accessories such as, for example, basket trolleys in different sizes and designs.

Increased Sales

An attractive shopping basket with ergonomic design in the highest quality gives out positive signals to your customers. When the customers are holding the right shopping basket in their hands, they are inspired to buy more. We would be pleased to help you design the particular type of shopping basket that is most suitable for your company and your image.

Profile Printing on Shopping Baskets

A shopping basket is an excellent place for exposure. This is why we offer options such as printed logos by hot stamping and baskets in special colours. We have the possibility to print your image on all sides of the shopping basket. You choose the expression that suits you and your store's profile best.

Stable and Easy to Pack

The design of our shopping baskets, with straight walls and glassfibre-reinforced handles, makes them stable, easy to handle, as well as volume-efficient.

Basket trolleys

The basket trolleys from Nordiska Plast are stackable and do not require large floor surfaces. The basket trolley makes it easy to keep order in the store as the baskets are easily moved between the checkout and the entrance.

Environment and Durability

Our shopping baskets have short lead times in production and they are manufactured in Sweden from recyclable and food approved plastic. The plastic is easy to clean and the material is scratch-resistant and durable. A shopping basket from Nordiska Plast stays fresh and whole for many years and is a safe choice for you and your customers.
